

Clock radio

AJ3000

## Battery powered clock radio

- **Battery or adapter operated (adapter and battery not included)\***

Gives you the choice to use 4 AA 1.5V batteries or a 7.5V AC/DC adapter. This enables you to use it as a stationary or as a travel clock radio.

- **Weekendsleeper**

Ensures that the alarm function switches off during weekends.

Offering the choice to skip the alarm on Saturday and Sunday, Friday and Saturday or Sunday only.

- **Extra large LCD display**

Bright, backlit display for easy viewing of clock functions.

- **Dual alarm**

Two alarm times that can be set with the choice of waking up to your favorite music from the radio station or from the beeper.

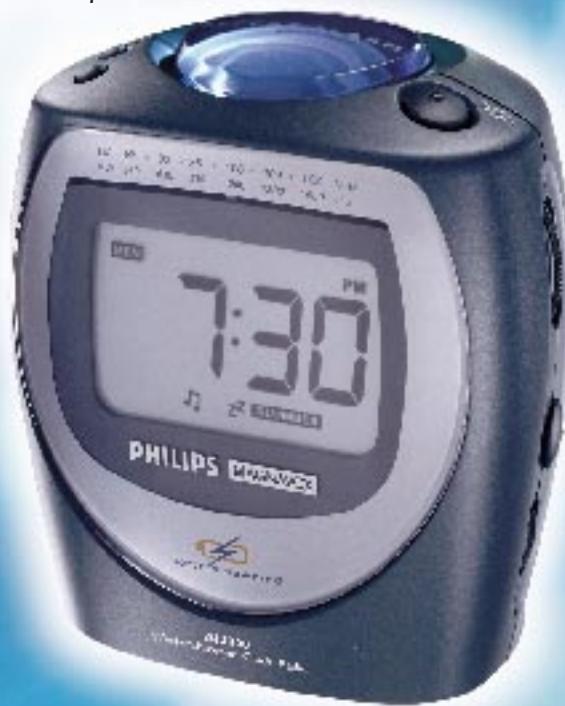

- **Backlight control (on/off)**

- **Quartz controlled clock**

- **24 hour alarm reset**

- **AM/FM radio**

\* AJ3005 is AJ3000 with AC/DC adapter

AC/DC adapter for AJ3005 only

**Product highlights**

- **Backlight control**  
Enables you to control the backlight of the display for personal preference (on/off).
- **Quartz controlled clock**  
Quartz operated clock ensures the time stays correct while mains frequencies may fluctuate.
- **24 hour alarm reset**  
Automatically resets the alarm for the same time on the next day, so you don't have to keep manually resetting the alarm.
- **Battery low indication**  
When battery power is too low for backlight activation or playing the radio, the battery low icon will appear flashing on the display.
- **Battery lifetime**  
The batteries will last for 3 months with fifteen minutes of radio and two minutes of alarm a day. It is still possible to use the clock and alarm function for at least nine months from when battery low indication appears.
- **Wake up to radio or beeper**  
Gives you the choice of waking up to your favorite radio station or beeper.
- **Slumber**  
Lets you enjoy up to 25 minutes of radio entertainment while going to sleep. After the pre-set time the radio switches off automatically.
- **Self-powered back-up**  
The clock has a self-powered back-up of three minutes, so if you change the batteries, the clock will hold the current, the time and the alarm settings.
- **Repeat alarm**  
Switches off the alarm for 5 minutes.
- **Time and day displayed**
